

# Atomic Pool Plan Praised In France As Move For Peace

By TOM MASTERSON

PARIS (AP)—French Foreign Minister Georges Bidault told the opening session of the NATO ministerial meeting today that President Eisenhower's plan for an atomic pool for peace would "divert an immense material power from a deadly destruction toward the peaceful progress of mankind."

Bidault, chairman of the meeting, declared to the nearly 50 foreign, defense and finance ministers from the 14 North Atlantic nations that a positive Soviet reply to the Eisenhower proposal would bring "incalculable political consequences."

## Menace Still Exists

The ministers crowded into the huge conference room of the Palais de Chaillot overlooking the Seine River for their 12th meeting on building up the defense of Western Europe.

Later today U. S. Secretary of State Dulles was expected to tell them they must press on with their rearmament program no matter what they hope will come out of the Big Four's projected Berlin conference.

In his address today, Dulles was due to emphasize:

1. That the Russian threat is still very great to the Democratic way of life in France and the other

NATO nations.

2. That the European army treaty must be ratified and the one - uniform, six-nation force brought into being.

3. That the 12 German divisions to be raised for the army are not the only important feature of the pact; that equally important is the impetus it will give to the integration of Western Europe commercially and socially as well as militarily—to raise living standards and counter Moscow's blandishments.

## Congress Watching

But Dulles also was reported planning to tell the French under the European Defense Community Treaty is ratified by next spring, he can't promise how much money Congress will be willing to appropriate for European defense bills.

"If we could feel sure the French would ratify EDC by May 1, I would relax," said one important American official. "If it drags on later than that, I don't know what Congress might do."

Bidault was expected to ask that the North Atlantic Treaty be extended to 50 years from its present limit of 20 years. That would make its binding ties on America last as long as the EDC Treaty binding Germany and France together—and provide an additional obligation on the United States to protect France against any future German invasion.

# Bureau Promises Correct Answer To Farm Problem

CHICAGO (AP)—President Allan B. Kline said today the annual convention of his American Farm Bureau Federation would give the "correct" answer to the question of what kind of program farmers want.

The answer, he said, will not be what members of the powerful House Agriculture Committee came up in recent farm area tours. The committee will have much to say about new farm legislation the Eisenhower administration will seek at the coming session of Congress.

## High Supports Opposed

The congressional committee said it learned that most farmers want present war-born 90 per cent of parity price supports continued for major crops.

Parity is a standard for measuring farm prices, declared by law to be fair to farmers in relation to prices they pay.

Kline, who has had several verbal clashes with members of the House committee, said the Farm Bureau convention opening here today would stand pat in its opposition to use of the rigid, high-level price floors after 1954, and would again endorse a system of flexible or variable supports.

Some delegates from Southern states said they would wage a convention fight for present support programs, but none disagreed with Kline's forecast of the outcome.

## Good News For Benson

Under a variable system, supports would be high in times of shortages to encourage production and low in times of surpluses to discourage output.

One of the chief national proponents of such a support plan,

# Judge Refuses To Be Fired In German Court

FRANKFURT, Germany (AP)—Suspended Chief Justice William Clark presided defiantly—and alone—today in the U. S. Appeals Court in Germany.

Continuing his opposition to State Department orders suspending him for insubordination and dismissing him on Jan. 8 as "surplus," the Princeton, N. J., judge read a statement to photographers and newsmen, heard two cases argued briefly and said he would not hold court Tuesday.

"There wouldn't be any point in doing it all over again," he added.

## Postponement Ignored

He said also he had not yet decided whether to appear for duty Jan. 18 when acting Chief Justice Carl W. Fulghum of Glenwood Springs, Colo., named by the State Department to succeed Clark, has scheduled the court's next session.

Fulghum did not appear in or near the courtroom today.

The tall, silver-haired Clark strode grimly into the courtroom and proceeded with the calendar, which Fulghum had ordered postponed until Jan. 18.

"I consider the instructions dismissing the calendar for this morning null and void as they do not bear my signature," Clark announced. "Nevertheless, I cannot physically compel the attendance of the other judges. I greatly regret they have been willing to obey the State Department's orders and have not been willing to act as free and independent judges should."

## Criticism Blamed

Clark contends he was ordered fired because of his frequent criticism of U. S. High Commission policy in Germany. He refuses to recognize the orders suspending and dismissing him, asserting he can be ousted only for cause.

"Lawyers all through our history have fought for democracy and the keys of its arch, a free and untrammelled judicial system. Power corrupts and so requires checks and balances. The best check is an impartial court system and the best balance the scales of justice."

# Girl Bandit Hits Again; Gets \$400

WASHINGTON (AP)—A blonde, bobby-sox bandit struck for the third time in two days Sunday night, seizing some \$400 at gun point from a restaurant owner.

Proprietor James H. Wing told police a girl wearing a yellow bandana, gray jacket, dungarees and oxfords with bobby sox walked into his restaurant and looked at a menu. When he approached her she pulled a small automatic out of her pocket and demanded his money.

Wing opened the register and she scooped up the money, he said, throwing him back a \$5 bill when he pleaded, "Don't take it all." Startled robbery squad detectives said it was the first time in 20 years a girl bandit has operated here. She answers the description of the girl who held up a grocery and a hotel Saturday night—about 20 years old, 5 feet 5 and weighing about 130 pounds.

They said she got \$230 from the grocery but nothing from the hotel clerk, who turned her away because he thought her gun was only a toy.

# Democrats Dust Off Old Campaign Theme For Use Next Year

By DOUGLAS B. CORNELL

PHILADELPHIA (AP)—Democrats under the lead of Adlai E. Stevenson are dusting off for use in 1954 a 1952 campaign theme that the country "never had it so good" as when they were in power.

Climbing living costs, economic issues and fear of depression got a heavy accenting over the weekend at a rally of Democrats from 11 Atlantic Coast states and the District of Columbia.

## Emphasis On Fear

So did the question of subversion and Soviet espionage in government, with Stevenson putting in an appeal to the country to quit raking over ashes of the past and get on with combating the international Communist conspiracy and the problems of today and tomorrow.

Sen. McCarthy (R-Wis.) replied to Stevenson's appeal Sunday night by asserting Stevenson had long shown "an especial fondness toward the Communist philosophy."

McCarthy said Stevenson has been repeating "like a broken re-

cord" the idea Americans should fight Communists without getting rough with them.

The 1952 Democratic presidential nominee laid heavy emphasis on fear of depression while voicing confidence that "we Americans have a reasonable chance of mastering our economic destiny." He credited his own party with having erected sound defenses against economic disaster and said the Republicans can use them now even though they once called them "socialistic."

## Kitty Built Up

The former Illinois governor was the big oratorical gun at the Democratic rally and a fund-raising dinner Saturday night aimed at sweetening the financial kitty and building up spirit for the 1954 campaign.

Democrats from Maine to Maryland were saying here that party prospects definitely are on the up-grade. Stevenson himself said that, measured by recent election results, "our party's fortunes have suddenly improved."

# Hydrogen Blast This Spring At Bikini To Be Biggest Of All

By ELTON C. FAY

AP Military Affairs Reporter

WASHINGTON (AP)—The hydrogen weapon blast the United States plans for the Bikini Atoll test this spring may exceed the total power of all bombs dropped by the huge American Air Forces in World War II.

That figure was slightly over two million tons of TNT. President Eisenhower said in his speech Tuesday to the United Nations General Assembly that "hydrogen weapons are in the range of millions of tons of TNT's equivalent."

## Warning To World

The Bikini demonstration will help resolve any doubts left after that speech about the need for international atomic accord, although the test was not devised for the primary purpose of giving the world's citizens the "comprehension" of atomic warfare and danger.

Planned long before Eisenhower took office as president, it will be another stage of the progressive stepup in hydrogen explosions.

The test at Bikini will show what could happen to the United States as well as to Russia in a war with hydrogen weapons—an awe-inspiring argument for atomic peace.

The last atomic explosion at Bikini probably will become, by comparison, a puny little pop.

## Could Erase Island

The release of a force equal-

ing two or more million tons of exploding TNT could erase all trace of not only one but possibly several of the islands fringing the lagoon. There were reports, never denied by the Atomic Energy Commission, that the 1952 test of a relatively small hydrogen device destroyed the island upon which the device was mounted. That island was in the Eniwetok Atoll, where the AEC has been conducting bigscale tests of nuclear explosions since 1948.

Early this year the commission announced, without explanation, it was including the long-unused Bikini Atoll, also in the Marshall Islands group with Eniwetok, in its testing ground.

This made it apparent that projected tests were to be of such magnitude that it was considered inadvisable to endanger permanent installations at Eniwetok.

Train Cut Asked On DSS&A Run

MARQUETTE (AP)—The Duluth, South Shore & Atlantic Railroad is expected to battle heavy opposition Tuesday when the Michigan Public Service Commission opens a hearing on the line's petition to curtail service on its St. Ignace to Duluth, Minn., run.

The railroad's petition claimed only its freight service on the line is profitable and requested discontinuance of passenger, mail and express service.

If the petition is approved, resulting action would cut Marquette and several other Upper Peninsula cities from all but freight service to the Lower Peninsula.

The line's headquarters is at Marquette.

Its trains run westward from St. Ignace through Newberry, Munising, Marquette, Negaunee, Ishpeming, Champion, Ironwood and Duluth. The service from Champion to Calumet was discontinued recently.

The Upper Peninsula Development Bureau and chambers of commerce along the rail route planned to spark opposition to the petition. If the request is granted, some 30 DSS&A employees will be made jobless.

# Time Runs Out For Talks With Pro-Red Group

By GEORGE MCARTHUR

PANMUNJOM (AP)—Indian Lt. Gen. K. S. Thimayya said today he believes the 22 American prisoners of the Korean War who refuse to quit the Communists are attempting to permanently stall off Allied attempts to coax them home.

Thimayya said the Indian command would make every effort to get the explanations started, but there was little possibility they would get under way in less than four or five days.

## Deadline Dec. 23

Time is fast running out; the explanation period ends Dec. 23.

Only hours before they were scheduled to appear, the 22 balking Americans refused to meet with interviewers. They said they won't leave their barbed wire compounds unless fellow pro-Communist South Korean prisoners also agree to attend the sessions. This the South Koreans have refused to do for three days.

The Neutral Nations Repatriation Commission, headed by Thimayya, met for an hour studying protests filed by both the South Korean and American prisoners.

Thimayya labeled absurd some of the South Korean complaints and said they only could have been made to stall the explanations.

The Korean POWs, Thimayya said, were insisting on the right to make counter-explanations and long statements to explainers.

## Change Their Minds

He said 21 of the 22 balking Americans signed a petition asking that "several points be clarified" in the South Korean POWs stand.

Thimayya did not amplify, except to add that the Americans maintained they were not attempting to impede the work of the commission.

The general said the Americans asked that their one fellow POW who didn't sign the petition go

# British Railway Tieup Threatens

LONDON (AP)—Britain's National

Union of Railwaymen (NUR) has called on its 400,000 members to strike next Sunday at midnight.

A strike on the state-owned railways would paralyze a nation looking forward to its gayest Christmas since before the war—with plenty of food and drink and unrationed goods.

The unions are demanding a 15 per cent hike in wages which now average \$24.07-8 pounds 11 shillings 11 pence—a week. The Railway Staff National Tribunal, whose rulings always have been accepted in the past, awarded a weekly increase of only 4 shillings, 56 cents.

His appointment as assistant to Benson was announced Saturday by Michigan Senators Ferguson and Potter. Figy said the new job

# Bishops Of Sicily Back Authenticity Of Weeping Statue

PALERMO, Sicily (AP)—The Catholic bishops of Sicily have endorsed the authenticity of the "Weeping Madonna of Syracuse," a foot-high terra cotta and enamel statuette of the Virgin Mary credited with healing hundreds of persons.

Ernesto Cardinal Ruffini, archbishop of Palermo, broadcast the bishops' communiqué over the Italian radio. He also asked that a shrine be erected on the spot where the statuette's manifestation of tears was reported to have occurred first on Aug. 29.

Since that day, hundreds of thousands of Italians and tourists from other lands have jammed the narrow Via Degli Orti (Street of the Gardens), one of the humblest streets of Syracuse, to seek the Madonna's intervention.

The decision of the bishops followed long study by a medical commission and also a private audience in which Archbishop Ettore Baranzini of Syracuse was received by Pope Pius and reported to him on the statuette.

The doctors' commission reported that it could find no natural explanation for the moisture that reportedly emerged from the enameled eyes of the statuette. The commission also said that analysis of the moisture showed it to have the same composition as human tears.

The bishops in their communiqué said they "unanimously concluded that the reality of the tears cannot be doubted."

# Aviation Plant Strike Settled

LOS ANGELES (AP)—Settlement of a multimillion-dollar strike which has crippled production of America's fast Sabre jet and Super Sabre planes was announced today.

North American Aviation, Inc., spokesmen said the terms were the same the company offered before 33,000 members of the CIO-United Auto Workers walked out Oct. 23 at plants in Los Angeles, Fresno, Calif., and Columbus, Ohio.

That means a Christmas present wage increase of 4 per cent, or 8 to 20 cents an hour. Wage scales before the strike ranged from \$1.42 to \$2.32 hourly. The union originally demanded 26 cents an hour, then dropped to 10 to 20 cents hourly.

Terms of the settlement are subject to approval of the workers at union mass meetings, which negotiators said would be held soon.

Two other major plane companies announced wage agreements Sunday.

# Next Year May Be Critical One For Eisenhower

By JAMES MARLOW

WASHINGTON (AP)—This next year may be the most critical one of President Eisenhower's tenure in the White House.

He has just bid for constructive world leadership with his proposal for international pooling of atomic materials. It was his response to the challenge of finding a new door to peace.

The success of his administration and even history's judgment of his presidency may depend on the kind of program he offers Congress next year and what happens to it.

Big Field Covered

He will go over his 1954 program this week with the Republican leaders of Congress.

It covers a big field, including social security, taxes, changes in the Taft-Hartley Act, foreign aid, foreign trade, and whether tariffs should be raised or lowered.

For most of the 1953 congressional session Eisenhower's leadership with Congress was exercised more by proxy than directly. The proxy was the late Sen. Robert A. Taft of Ohio.

Perhaps because Eisenhower, as he himself said, was a political novice or because he has a natural aversion to brawls or because he didn't want to get rough unless he had to, he maintained the appearance of avoiding pressure.

He repeatedly spoke of the right of the White House and Congress to a difference of views, but he soon found out that while he was being mild some of his pet plans could be strangled by Congress.

His first full realization of that possibility was provided by Sen. McCarthy of Wisconsin and other members of his own party when they stood in the way of his appointment of Charles E. Bohlen as ambassador to Russia.

Knowland Lacks Experience

It was Taft who met McCarthy head on for Eisenhower and won approval of Bohlen in the Senate. With Taft doing the in-fighting, Eisenhower could afford to be mild.

Taft before his death picked Sen. Knowland of California to be his successor as Senate Republican leader.

But Knowland is not Taft. He's a hard worker. But he's younger and less experienced and doesn't carry Taft's weight in the Senate or among Republicans around the country.

In addition to dealing more directly with Republican senators, Eisenhower has another problem: the Democratic senators.

They may be a lot rougher on him in 1954, which is an election year, than they were in 1953, which wasn't, particularly if the Republicans rake over the past with investigations intended to make Communists-in-government under the Democrats an issue in the 1954 election.

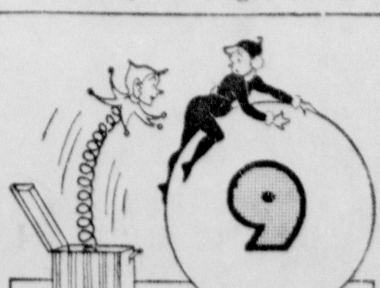

# Train Derailed; 6 Killed In Auto

ROYSE CITY, Tex. (AP)—A whistling diesel steamroller slammed a station wagon off its tracks Sunday night, killing a hard-of-hearing father, his wife, three children and their maid.

The hurtling automobile tripped a switch that derailed the twin engines and 10 cars of the sparkling red-and-silver train, en route from Dallas to St. Louis. Five rear cars held to the rails.

Five train passengers were sent to hospitals. An estimated 30 more were bruised or shaken up.

The six dead, all those in the station wagon, were identified as: Victor Saufley, 47, Dallas real estate agent and former Southern Methodist University and New York Giants football player; his wife Harriett, 39, their sons, Bill, 5, and twins John and Jim, 2; and Irma Davis, the Negro maid.

SHOPPING DAYS TO CHRISTMAS

## Complete Roof At Rebuilders

Erling Arntzen, Escanaba contractor, has completed reconstruction of a new roof on a fire-damaged city building leased to Northern Motor Rebuilders at 800 First Ave. N., and other work is going forward in restoration of the building.

The roof was completed 14 days after it was started and eight days ahead of schedule.

The building was extensively damaged Nov. 11 in a fire that occurred early in the morning on Armistice Day. Damage to the building and its contents was estimated to be in excess of \$100,000.

Working under contract with the city, Arntzen's crew is now installing insulation and doing other repair work on the building. Repainting of the interior of the building will soon be finished.

Northern Motor Rebuilders is now starting to set up conveyors and pipelines prior to the installation of machinery.

Northern Motor Rebuilders, until fire interrupted its operations, has served the Illinois, Wisconsin and Upper Peninsula district in rebuilding Ford motors and small parts under franchise with the Ford Motor Company. It was employing 75 men at the time of the fire.

## Chest Contributions Still Being Recieved; 84 Per Cent To Date

Contributions received at the Delta County Community Chest headquarters over the weekend increased the county campaign total to \$16,851.89, or 84 per cent of the goal of \$20,000, it was announced this morning.

The Escanaba total increased from \$10,845.22 to \$11,176.72, and the township total rose from \$1,280.71 to \$1,438.46. Gladstone was

reported unchanged at \$4236.71 or within \$263 of its goal.

Quotas and collections to date follow:

	Quota	Collected
Escanaba	\$12,500	\$11,176.72
Gladstone	4,500	4,236.71
Townships	3,000	1,438.46

Totals \$20,000 \$16,851.89

The Nahma township drive was reported completed, and a check also was received from the American Playground Equipment Device Company of Nahma. Other donations increased the county total from 80 to 84 per cent.

Townships still remaining to be completed are Escanaba, Brampton, Baldwin, Ford River, Bay de Noyet and Masonville. Blocks still unreported on Ludington Street are 1200, 1400, 1800, 1900, 2000, 2100, 2200 and 2300.

"The Community Chest drive will continue until the goal has been reached or until all previous donors have made a contribution," Executive Chairman William E. Anderson said.

"Everyone has the opportunity to participate and achieve the satisfaction of helping to make Delta County a better place in which to live. All a person has to do is send a contribution or make it in person at the Community Chest headquarters, 1111 Ludington Street."

## MSC Will Give News Course

Michigan State College will offer a graduate course in journalism in four eight-hour classes this winter in Escanaba and Marquette, Joseph L. Heirman, county agricultural agent, has reported.

Purpose, according to a bulletin released by Heirman, is to teach non-journalism major the fundamentals of journalistic writing, that these fundamentals may be applied to the publicity and public relations problems of such individuals as county agricultural and home demonstration agents, 4-H leaders, and others.

Emphasis is placed chiefly on writing for newspapers and magazines and the writing of circular letters, with some consideration of radio and television. The course can be applied toward a master's degree, Heirman noted.

Assignments involve writing announcement and meeting stories, newspaper feature stories, newspaper columns, circular letters, and magazine fact articles. Much emphasis is placed, when assignments are in, on discussion of them.

Lectures are not rigid, the bulletin noted, but often follow a path determined by special interest of the class. In a recent teaching of this course, questions led to discussion of editor-reporter relationships, journalism education, photoengraving, color photography and color printing, coordinating publicity programs among daily and weekly newspapers, and other subjects.

The four eight-hour classes will be at the following times and places:

Jan. 15, 6-10 p. m., and Jan. 16, 8 a. m. to 12 noon, at Escanaba. Feb. 5, 6-10 p. m., and Feb. 6, 8 a. m. to 12 noon, at Marquette. March 5, 6-10 p. m., and March 6, 8 a. m. to 12 noon, at Escanaba. March 19, 6-10 p. m., and March 20, 8 a. m. to 12 noon, at Marquette.

The course costs \$20. Applications may be obtained from Heirman, whose office is in the Escanaba Postoffice Building. They should be returned to the U. P. Experiment Station at Chatham by Dec. 24.

TO FABULOUS Hawaii

How would you like to spend a wonderful, glamorous vacation on the tropical paradise Isle of Hawaii, or receive the equivalent in cash. This dream can come true for you and for anyone else you choose—wife, husband, or a dear friend. You will be whisked away in a luxurious airliner, like the magic carpet of old, enjoying armchair comfort and full course meals enroute. You will stay at the fabulous Royal Hawaiian Hotel for two weeks. You can be a winner because it is so simple to enter this contest.

ABSOLUTELY NOTHING TO BUY

This is the most unusual contest ever presented because you don't buy anything. All you need to do is send the name of a hard-of-hearing person and tell us in 25 words, or more, "How he (or she) would benefit and enjoy life more with better hearing". In addition to the prize you win, your entry may also win a free Maico Transist-Ear Hearing aid for the hard-of-hearing person whose name you send in with your contest entry. The Maico Hearing Foundation will give away, free of charge, \$7,500 worth of revolutionary new hearing aids to the persons whose names have been submitted by the contest winners. The person you nominate on your entry may be a friend, acquaintance, relative, or even yourself. It does not matter if he, or she, already wears a hearing aid. Your name will be kept confidential. You keep your "good turn" a secret.

CASH VALUE OVER \$10,000 IN PRIZES

1st. Free trip to Hawaii for two. 2nd. Complete Home Workshop. 3rd. "Hawaiian" Plaff electric sewing machine. 4th thru 10th. Prizes. Shopmaster new 20" Jig Saw. 40 OTHER PRIZES FOR A TOTAL OF 50 PRIZES IN ALL.

WIN A \$500 BONUS PRIZE

Get the signature of one of our Maico consultants in this office on your entry. If you are a winner you will receive a \$500 bonus, in addition to the round trip to Hawaii. Get your free entry blank at our office. Come in, or write for your entry blank, including the complete details, rules, and regulations.

## Tuberculin Test Results Given

Positive reactions received from the tuberculin tests which were given to freshmen and seniors in Delta County high schools were 4.39 percent, the Delta-Menominee District Health Department reports. A total of 67.9 percent of the high school students were tested.

The tests were conducted at Escanaba Senior High, Escanaba Junior High, St. Joseph's, Gladstone, Rapid River, Rock, Perkins and Nahma schools in Delta County. These schools have a total enrollment of 873 students; 593 of these students, freshmen and seniors, took the tuberculin test for which parental permission was required.

The health department also conducted the tests in Menominee County, including Harris, Powers, Spalding and Hermansville. The number of students enrolled in the ninth and twelfth grades of these three schools is 174 with 108 students having been tested. Five positive reactions resulted.

Testing, harmless and painless, was done by Dr. Towey of Pinecrest with the assistance of the school nurses and staff nurses of the Delta - Menominee District Health Department. This is the fifth consecutive year such testing has been done.

All persons having positive tests are x-rayed at Pinecrest Sanatorium, Powers. When a student has a positive test an investigation of the family for tuberculosis is made because tuberculosis generally comes from contacts within the family group. In addition, students still in school who showed positive reactions as freshmen are re-x-rayed each subsequent year they are in school.

The tuberculin test tells who has TB germs in his body. This test goes no further. It does not say where the TB may be located in the body. All the test does is to show which people, and how many people, in a family, a school or community have become infected with TB germs. A person who has a positive reaction needs further examinations to find out if he has tuberculosis or not.

bullet narrowly missed Mrs. Lyle Parry of 16 Highland Ave., Wells, Sunday afternoon when it came through her kitchen window, according to Michigan State Police, who are looking for the person who fired it.

Mrs. Parry's husband was going out and had just got outside the door, he told state police, when he heard several shots in quick succession, and the sound of breaking glass.

Parry ran back inside his house and found the bullet had gone through the upper part of his kitchen window, had hit the wall on the opposite side of the room, and had fallen to the floor.

State police said the bullet was spent by the time it crashed the Parry window or it would have embedded itself in the wall. They theorized it either had ricocheted or had gone through some target it was aimed at.

## State Honors Mary Manning

Mary Manning, senior student at St. Joseph High School, daughter of John Manning, 810 First Ave. S., has been appointed one of three Upper Peninsula representatives on the governor's teen-age safety conference planning committee. The committee will meet in Lansing Dec. 17 to discuss the program for a state-wide teen-age safety conference to be held in February.

In addition to Miss Manning, Upper Peninsula representatives on the planning committee include James Monroe, of Crystal Falls and Larry Davis of Munising.

The first meeting on Dec. 17 is scheduled for 9:30 a. m. and it will be held in the capitol building with Superintendent of Public Instruction Clair Taylor attending. A second meeting is scheduled with Gov. Williams at the Olds Hotel at 11:30.

Miss Manning and other students of high schools in this area discussed some of the teen-age safety problems at a conference held in Escanaba last month.

## Barr Cub Pack Plans Meeting Tuesday Night

The Barr School Cub Scout Pack will hold a meeting and a Christmas program in the school basement Tuesday, Dec. 15, at 7 p. m.

A Christmas program will be presented by the dens which will include a playlet, the trimming of a Christmas tree and the singing of holiday songs. Christmas movies also will be shown. After the entertainment, lunch will be served.

Chris Bodjanac was elected Cub master of the recently reorganized Barr School Cub pack. Max Saums, Donald McKie and Ed Peterson were elected committee men to assist the Cub master. Den fathers and mothers who volunteered their services are Mrs. Axel Anderson, Mrs. Roy Lee, Mrs. Clovis Colvin, Mrs. Harry Menard and Joe Ivans.

It was agreed upon at the last meeting that at least one parent of a Cub Scout will be required to attend the pack meeting to be held on the last Tuesday of each month. It was also agreed upon that to enforce this rule, a roll call of parents will be taken at each meeting. Any boy whose parent misses three meetings without a good cause will be dropped from the Cub Scout pack.

Members of the pack are Peter Hanson, Billy Hanson, Thomas Somers, Roy King, Fred Ivans, Clyde Buchanan, John Gasman, Earl Coleman, David Canavera, Donald Westby, Kenneth Swanson, Philip Davidson, Dick Swanson, Marvin Krause, Barry Ness, Dick Anderson, Ronald Gauthier, Jon Lee, Ronald Saums, Michael Richardson, Michael Boyle, John Colvin, Thomas McKie, Richard Gray, Duane Menard, Wally Houle, Alexander Houle, Billy Racine, Dale Williams, John Pearson and Jim Peterson.

## THOSE IN UNIFORM

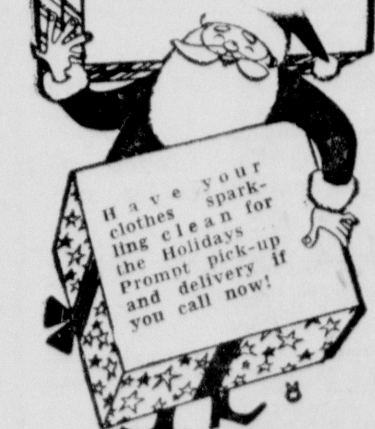

Pvt. Robert Roy Olson will arrive Dec. 22 from Ft. Leonard Wood, Mo., to spend the holidays at the home of his parents, Mr. and Mrs. Roy Olson, 1212 1st Ave. N.

Pvt. Richard Sundling, stationed at Camp Rucker, Ala., will arrive Dec. 18 to spend the Christmas holidays at the home of his parents, Mr. and Mrs. Carl Sundling, Ensign.

## May Postpone Jury Case

A jury civil case scheduled to begin Tuesday in Circuit Court may be postponed due to the illness of Atty. Denis McGinn, it developed in court this morning.

The case, a suit for \$10,000 damages arising out of a 1946 auto accident, is that of John O. Erickson, Sturtevant, Wis., vs. Narcis Thibault and Willard Thibault of Gladstone.

Judge Edward Fenlon of Potoski said if this substantial case is not put on, he will not call the jury in. Only other cases needing a jury at this term are appeals from justice court, and Judge Fenlon said he did not feel justified in putting the people of Delta County to the expense of calling in a jury only for these appeals.

Atty. James R. Fitzharris, McGinn's law partner, said McGinn expected to see his doctor this morning, when the attorney, who has been confined to his bed, would learn if he were well enough to appear in court. Fitzharris said he would let the court in Circuit Court Thursday afternoon.

It was expected that the sentencing of Fannie Dale Smythe, Escanaba registered nurse who in November pleaded no contest to a charge that she obtained narcotic drugs by fraud, would take place in Circuit Court this afternoon.

Judge Fenlon suggested to lawyers this morning that they consider dispensing with juries in minor jury cases involving small sums of money, assuming the lawyers had sufficient confidence in the judge's fairness. The expense of calling in a jury is sometimes greater than the amount of money involved in the lawsuit, Judge Fenlon noted.

## Perkins

**FUNERAL SERVICES**  
PERKINS — Funeral services for James Lancoeur of Little Lake, brother of Mrs. Francis LaChance of Perkins, were held Thursday at 9 a. m., at St. Anthony's Church, Gwinn. Burial was made in the Gardens of Rest Cemetery.

James Lancoeur was born and raised at Perkins which he left several years ago to make his home at Little Lake.

Relatives from Perkins who attended the services were Mrs. Francis LaChance, Freddy Krouth, Elmer Dugas, Philip Beauchamp, John Caskenette and Warren LaChance.

**Legion Auxiliary**  
The American Legion auxiliary will hold their regular meeting and their annual Christmas party Wednesday, Dec. 16, in the evening at the Legion Club. Christmas gifts will be exchanged.

**Briefs**  
Mr. and Mrs. Pamphil Depuydt of St. Nicholas have received word that a son, Stephen Matthew, was born Thursday to their daughter and son-in-law, Mr. and Mrs. Arvi Lund of Flint. The baby weighed seven pounds and is the third child in the family. Mrs. Lund is the former Honey Depuydt of St. Nicholas.

Recent visitors at the home of Mr. and Mrs. H. C. Gibbs were Mr. and Mrs. Chester Graddy of Detroit and Mr. and Mrs. Gus Roberts of Rapid River.

A large crowd attended the Gladstone High School Band Concert which was held at the Perkins High School Thursday evening.

MISS PHYLLIS CURTIS, 20-year-old farm girl from Swartz Creek, took the grand championship prize at the Detroit Junior Livestock Show with her sleek, jet-black Angus, "Little Joe." She won the award after nine unsuccessful tries in previous years. Hamady Brothers Market of Flint paid \$450 a pound for the animal—or a total of \$5,085. (MSC Photo)

## Bark River-Harris Presents Christmas Concert Tuesday

Bark River-Harris High Schools will present their annual Christmas Concert Tuesday, Dec. 15, at the Wilson Auditorium at 8 p. m.

The program will be a joint concert of the Junior High and Senior High vocal groups under the direction of Mrs. LeClare, vocal instructor, and the Junior High and Senior High bands, under the direction of Chester Marrier.

Approximately 150 students will participate in the musical concert. The Junior High band of 25 members will be making its first public appearance, and the Senior High band, 28 members, will appear in their new blue and gold uniforms. Joanne Kleiman will be the piano accompanist.

The program of Christmas hymns and popular songs of Christmas is as follows:  
Junior High Glee Club—"Joy to the World," "The Holy Season," "What Light Is That," "Toymaker's Dream," and "First Noel."  
Piano accordion selection — Joanne Pearson.

Everyone enjoyed the music. A community Christmas tree was erected Friday in the village of Perkins. The tree is sponsored by several of the Perkins businessmen.

## LITTLE LIZ

When some people meet, it's a case of an I for an I.

She gave the devotional message which was entitled, "The Seven Precious Pearls."

Mrs. Donald Summers accompanied the group on a miniature electric organ as they sang Christmas carols.

An air of Christmas prevailed as the members and guests exchanged gifts which had been placed under the Christmas tree that the hostess had already decorated for the coming holidays.

Lunch was served by the hostess. Centering the lunch table was a lovely birthday cake in honor of her mother, Mrs. Charles Carlson, whose birthday was the date as the meeting.

Guests of the evening were Mrs. John Hermansader, Chicago, and Mrs. Everett Bjork, Gwinn.

The next meeting will be held at the home of Mrs. Arnold Sayen on Wednesday, Feb. 24, at 8 p. m.

## Worker Is Shot; Left For 3 Days

MIDDLEBORO, Mass. (P)—A hardy cranberry bog worker related today how he was shot and abandoned by a group of hunters and how he lay without help for three days in his little shack until his plight was discovered by a chance visitor.

Benjamin de Silva said in his hospital bed that a group of hunters apparently mistook him for a deer last Thursday and shot him three times, filling his chest, back, right leg and arm with buckshot. The hunters took him to his shack and told him they were going for help. They never returned, De Silva said.

He said he yelled for help for two days but none came.

Then a friend, Raymond Pannenen, knocked on the door but got no answer. He was about to leave but decided to look inside. There he saw De Silva in a coma from loss of blood.

Pannenen ran more than two miles to the village to get help. Doctors said De Silva is responding to treatment and has a good chance for recovery.

### Gov. Williams Likely Candidate Against Ferguson For Senate

GOV. Williams is being very coy about his political plans for 1954, understandably so in view of the fact that the 1954 elections are many months away. But the indications are that the governor will make a bid for the U. S. Senate seat held by Sen. Ferguson rather than to try for a fourth term as governor.

Gov. Williams has had very narrow squeaks in his last two gubernatorial contests, winning both times by very slim margins. If he has aspirations for national fame, as many people believe, he would possess a better opportunity to achieve it as a member of the U. S. Senate than as governor of Michigan. And if he is going to seek a Senate seat, 1954 would almost certainly have to be the year to try it.

The manner in which Gov. Williams has snarled at Sen. Ferguson, particularly within the past year, provides further evi-

dence that the governor is lining up his sights for a shot at Ferguson's job. And the way in which Sen. Ferguson has gone about "mending his political fences" indicates, too, that the senator recognizes Williams as a threat. Certainly there is no other Democrat on the scene in Michigan who remotely constitutes a serious challenge to Sen. Ferguson.

A Ferguson-Williams contest for the U. S. Senate promises Michigan voters one of the most interesting election campaigns in years. The two men are at opposite ends of the political ladder, not only in party designation but in their political beliefs as well. The issue would be a clear-cut one.

Gov. Williams is one of the few New Deal survivors of the political upheaval of 1952. He is an advocate of generous government spending as opposed to the Eisenhower-Republican dedication to economy in government. Sen. Ferguson, like President Eisenhower, believes in governmental economy.

A campaign for the U. S. Senate fought on the wide disparity in political viewpoints of Sen. Ferguson and Gov. Williams would be an interesting one, indeed.

## Words, Wit & Wisdom

By William Morris

One of the recurrent delights of the Christmas season in our household is the arrival of holiday greetings from our good friend, Charles Berlitz. As befits the top-ranking instructor in the schools which bear his name, his Christmas card usually carries seasonal greetings in many different languages, for in each of the world's languages and dialects—from Arabic to Zulu—an appropriate Christmas wish can be found. This year, thanks to M. Berlitz, we are able to pass on to you "Merry Christmas" greetings in some sixteen languages.

While this information is hardly likely to make you as popular as Moss Hart's immortal Jenny (you remember that "in twenty-seven languages she couldn't say 'no'") you may be able to impress friends and business associates by acknowledging a conventional holiday greeting with a casually tossed-off "Milad Said" (Mee-LAH-Sab-EED)—the Arabic phrase for "Merry Christmas," or the same thought in another unusual tongue.

Familiar to most of us are the greetings voiced in the various European nations. In many an American home today the traditions of Christmas as celebrated in France, Germany and Italy are still observed and the old familiar greetings are exchanged—"Joyeux Noel" (Zhwa-yuh Noh-el) from France; "Froehliche Weihnachten" (FROY-lik-eh VY-nach-ten) from Germany; and the Italian "Buon Natale" (B'wohn Nah-TAH-leh).

In Norway the greeting is "Gledelig Jul"—pronounced GLED-eh-leeg YOOOL—while in Finland one says "Haukkaa Joulu" (HOW-skah YOH-loo-uh). And your Swedish friends would greet you with "God Jule" (Gudt Yool).

In many languages, it seems, some of the loveliest sounds, the most euphonious syllables, are heard in the words used for this universally beloved greeting. Say aloud this Greek "Merry Christmas"—"Kalla Kristouyena" (KAH-lah Krees-TOO-yen-ah). Lovely, isn't it? And wonderfully evocative of the spirit of this most beautiful and sacred of holiday seasons.

So, each day from now until Christmas we will tell you how the people of other countries say Merry Christmas—we'll hear from Holland, Portugal, Hawaii, Japan and many more.

### The Doctor Says... No Method Better Than Surgery For Treating Cataracts

By EDWIN P. JORDAN M.D. — Written for NEA Service

In all probability a medical treatment for cataracts will sometime be devised, but a really satisfactory one is not yet available.

Q—I am 74 years old and have difficulty with my vision from cataracts. I have recently read of a method of treating cataracts by injections of a fish-lens extract. What do you think of this treatment?

—Mrs. B.

A—Some time ago an article reporting favorable effects on cataracts following the injection of a fish-lens extract was reported in a scientific journal. As may be imagined this caused a good deal of excitement, but later reports have not corroborated the value of this treatment, and it seems most doubtful that this will prove a safe or practicable method. Surgery is still the treatment of choice.

Q—Is it dangerous to have a baby after parts of each ovary have been removed be-

cause of cysts?  
A—I do not see why it should be dangerous, but it would be safer to consult the doctor who performed the operation.

Q—Is there any way one can get rid of too much uric acid in the system?

—Mrs. S. H.

A—Probably not. If there are no symptoms such as gout connected with the increased amount of uric acid in the blood, the most practical point of view is to try to forget it.

Q—Can you please explain white spots on the hands and arms. Do you know the cause, and is there a remedy?

—E. F.

A—This, in all probability, is a condition known as leukoderma or vitiligo. The cause is not known. Many attempts at treatment have been made, most of them without any real success.

## Merry-Go-Round

By DREW PEARSON

WASHINGTON — Random thoughts—Listening to Ike's atomic speech the other day I thought of some of the other great gestures he has made to move the world forward . . . and how badly the world needs those gestures today . . . there was his Guild Hall speech in London, which lifted the British up toward new goals of Anglo-American friendship . . . there was his speech before the newspaper editors last spring urging Russia to join with us in world peace . . . there was his book-burning speech at Dartmouth, reaffirming the freedom of literature . . . and his inspiring message to Chancellor Adenauer of Germany offering food to the East German people . . . there was also one brief speech, which I alone heard in Paris in which Ike outlined his private philosophy about God and man and religion . . . there've been some others, some of them not so inspiring, such as the "if all Americans want is security they can go to prison" speech at Galveston . . . but whenever Ike sets his mind to it, the real Eisenhower shines through, and the result is the inspiration the world yearns for today—inspiration the American people yearned for when they voted for him overwhelmingly just a year ago.

Wars Are Bred—When wars are over people throw their hats in the air . . . memories crowd back to me of an Armistice Day I watched in Philadelphia in 1918. Whistles blew, crowds cheered. Pretty girls kissed soldiers. Elderly women kissed soldiers. The war was over. The millennium was here . . . a few months later people settled down to enjoy the millennium, found it to be humdrum, unexciting, no bands playing, taxes high, business bad, Europe troublesome . . . to heck with Europe. Let's paddle our own canoe. Stay out of the League of Nations. Let those birds solve their own problems . . . then came isolation, depression, discouragement, dissension, Hitlerism, war.

Dangerous Era—Periods after wars are always difficult. That's when the seeds of future wars are sown. Wars don't break suddenly when a Hitler invades Poland on a September morning. They begin five, sometimes ten years before, with discouragement, depression, dissension . . . they begin when allies fight among themselves, when American idealism lapses into lethargy, when dollar are put ahead of decent diplomacy, when people lose hope . . . they also begin when people grasp at phony leaders who hold out new hope, when hate becomes more important than love, when tolerance is swamped by intolerance, when unscrupulous men trample on less fortunate men in their mad grasp for power.

Ike's Chance—What impressed me about Ike's speech, as I sat listening, was his bold move for leadership has been lagging . . . this is a period when a nation must move forward, not backward. It's also a period when it's extremely easy to move backward . . . once a nation, a people or a President start standing still, they start moving backward. The tides are too strong . . . the rush of conflicting currents that carry men and nations down are such that you have to keep swimming every minute just to get ahead . . . you have to work at peace, for instance, every minute, or you start drifting into war.

Ike's Drive—All this is why Ike has got to keep moving forward—as he did the other day at the U. N., as he once did in Europe. He can't afford to sit around the hedge-rows at Caen. He has to break through as he did with Patton and Bradley at St. Lo and sweep on to bigger victories . . . as long as he's pushing forward, the McCarthys who yammer at his heels can only nip. They can't throw him. As long as he's pushing forward, there will be no division in his own Republican army. As long as he's moving forward the Democrats can't catch up . . . but he has to keep pushing—at the expense of golf, health, everything else.

Alternative Is War—For peace is more important than war. And lives have to be lost in peace too—if necessary . . . Ike's plan for atomic cooperation, if he pushes it, can bring 50 years of peace . . . the alternative—within five years—is war.

## DEFENSE DEER HUNTERS

Returning to Washington from a two-day hunt in Michigan with Arthur Godfrey and other amateur sportsmen, Defense Secretary Charles Wilson was asked at a press conference:

"Who got the more deer, you or Godfrey?"

"It was a draw," replied Wilson.

"How many apiece?"

"None."

## CHRISTMAS CARE SHOPPING

If you're harassed over Christmas shopping and want a way to shop for someone else in a hurry, here are two suggestions. 1. CARE has worked out a plan with the government whereby an eleven-pound package of food can be delivered to needy people almost anywhere in the world for only \$1.

2. A Virginia lady who prefers to remain anonymous has given me a check for \$1,000 for Korean orphans—provided a like amount is raised from other sources. You can help match the \$1,000 by earmarking a contribution to CARE, New York, or sending it direct to me.

### New Windsor Castle, Old Mill In France; But It'll Be Swank

RUSTIC MILL BECOMES DUKE'S MANOR: In Gif-sur-Yvette, near Paris, Edward and Wally are transforming this two-century-old manor into a luxurious residence, with swimming pool included.

By ROSEETTE HARGROVE  
NEA Staff Correspondent

GIF-sur-Yvette, France—(NEA)—The 2000 citizens of this small village in the wooded valley of the Chevreuse, some twenty miles from Paris have become title-conscious in the last few months.

Everywhere you go, you hear some reference to the "Duke" or the "Princess." The villagers seem to take it for granted that the Duke of Windsor or, for the old-timers, to the Prince of Wales.

Reason is that the Windsors have acquired the romantic old millhouse owned by artist Etienne Drian. Soon after the sale, a small army of workmen set to work to transform the place from a comfortable but rustic home into a luxurious residence.

Observed the former owner Drian: "One simply cannot comprehend the standard of luxury they take for granted. It is completely out of this world."

To begin with there were only four bathrooms for the 15 bedrooms. Obviously nowhere like enough. So more had to be installed, including one like a gilded birdcage for the Duchess.

A swimming pool is also under construction in the 14-acre garden, plus air-conditioning, central heating, the very latest gadgets in the kitchen—all things the like of which Gif had never before seen.

The house itself is a rambling old structure with two floors and a tiled roof mellowed by the years. As you come over the brow of the hill, you get a glimpse of it nestling in a bower of towering trees. Not far off is a spot known as the "Hermit's Vale."

While the Duchess plays at being Marie-Antoinette, the Duke will probably hunt in the neighboring forest of Rambouillet, where the President of France has his summer home.

Gossip has it that the Duke and his American-born Duchess will occupy separate wings on the second floor. Her rooms look out on the valley and the woods. Downstairs is to be the "bachelor quarters."

The dining-room is bright yellow. Menus from famous restaurants all over the world will paper the walls of the cocktail lounge. Multicolored wallpaper, which the Duchess brought back from America, will line the closets.

Around 30 workmen have been employed, and it is reported that when the architect submitted his first estimates Windsor exclaimed: "Good Heavens, we are going to rebuild the whole place?" Ap-

parently the answer is "Yes." An old resident named Mme. Duillement tells visitors: "Every one is up at the Prince's place. I can't imagine why he bought it. My house is just as pretty."

Freckled, ginger-haired Henri Bernier, 18-year-old local lad who worked at the millhouse as an apprentice carpenter, was not a bit impressed. "I suppose it will be all right when it is finished. But it must be costing a terrible amount of money." His boss, Maurice Roy is the master carpenter of the village.

While the Duke's engineer drives through Gif in a Jaguar, Windsor usually comes along in his Buick station wagon, always riding with the chauffeur. The Duchess prefers her large black Cadillac. Windsor has often eaten a sandwich lunch sitting among

the plaster and paintpots. The Windsors are also busy with the large house which they have just rented in Paris on the edge of the Bois de Boulogne. It was once the residence of General de Gaulle when he returned to the capital after liberation.

To the French, this is interpreted as an indication that the 59-year-old "Wandering Duke" and his fabulous Duchess have decided to make their permanent home in and near Paris.

The fact that after the death of Queen Mary, he decided to give up For Belvedere, his Windsor home, and shipped a considerable portion of its furniture to Paris seems to confirm French public opinion that he has abandoned the idea of settling down in England. "Windsor Castle," they say, "is now in the province of Seine & Oise."

### Curfew Laws For Youth Date To Medieval Days

Curfew is still a live issue. As problems of juvenile delinquency mount, civic authorities from coast to coast are dusting off long unenforced regulations and considering new ones.

Curfew restrictions go back at least to medieval times, says the National Geographic Society. The word itself is from the French "couvre-feu" (cover fire), an expression introduced into England with the Norman invasion. But the practice was already old when William the Conqueror came. Anglo-Saxon towns in the reign of Alfred the Great rang a nightly bell, warning inhabitants to close their doors and cover their fires.

### Lives And Property

Curfew was a life-and-death matter in the Middle Ages, when most houses were built of wood, and a live ember could start a conflagration that would destroy a city.

It also served as a protection against the footpads and robbers who swarmed the highways and the dark, unpolluted streets. The tolling of the bell, or in some cases the blowing of a horn, at 7 or 8 o'clock, announced that all honest men should be at home, and that anyone wandering abroad was liable to severe punishment.

Through the centuries, curfew has been a potent curb upon plotters against those in authority. The Nazi occupation forces of

World War II used it widely, stepping up the penalties as defeat neared and local acts of sabotage increased.

The famous 19th-century poem, "Curfew Must Not Ring Tonight," told a romantic story set in England under Cromwell's iron rule. Its gentle heroine saved her Royalist lover, doomed to die at curfew time, by clinging to the tongue of the bell, thus muffling it.

### Curfew Still Rings

As a tradition, many English towns and villages still sound the curfew bell each evening at 8 or 9 o'clock. Even in London the custom is observed on the old bell at Lincoln Inn. Chester, Lichfield and Totnes not only toll the curfew hour but add the day of the month.

The Puritans brought the curfew to the American colonies. Eventually the custom spread south and west and took the form of municipal ordinances prohibiting young people from appearing on the streets after certain hours.

Thousands of such laws remain on the books, though they are enforced only periodically. In 1943, according to a report of the American Municipal Association, from 10 to 90 per cent of all American cities had adopted curfew restrictions. Since then, the Association's records indicate that the number has grown steadily larger.

GREETINGS—Dr. Roger S. Chenoweth of Peterborough, Ontario, the son of Dr. Nancy Roger Chenoweth who practiced in Escanaba for many years, writes to report on his mother's condition—and to suggest that her friends may want to send her Christmas greetings.

The "lady doctor" whose home and office on First Ave. S. adjacent to City Hall was a landmark for many years until purchased by the city and the area converted into public parking lot, is confined to bed at the home of her son and daughter-in-law.

She reads her church journals "and her Bible a great deal," listens to the radio, but she is unable to write letters.

"She does enjoy word from her old friends and patients, even though she is unable to carry on an active correspondence with them," Dr. Chenoweth writes. "The many cards and notes she has received from all over the United States and Canada, in the past two years of her illness, have been greatly appreciated."

Mail for Dr. Nancy Chenoweth should be addressed to her at 500 Homewood Avenue, Peterborough, Ontario.

CHRISTMAS AT FLAT ROCK—Mrs. Lydia Wicking Anderson of Wausau, Wis., who will be remembered by older residents of Flat Rock and Escanaba, sends along a holiday letter to report on "Christmas at Flat Rock" in an earlier day.

Mrs. Anderson and her parents resided, at Flat Rock, where in winter "snow covered the roofs, the trees, and the river and its slopes so the village never looked dark at night."

There was the Sunday School program each year on Christmas Eve, with the school house decorated with an archway of greens and a tree, lighted with candles. "Each home had its Christmas tree, brightly lit by candles, and there was the cheery glow of warmth from the coal stoves in the living room. I like to remember our friends and Christmases past at Flat Rock."

FOR THE MISSIONS—Francis L. Clish of 615 Park Ave., Manistique, collects cancelled postage stamps and Christmas seals—for the benefit of the missions sponsored by his church.

"Last year you printed in your column my appeal for cancelled stamps. The response was very gratifying," he writes.

"This work of collecting cancelled stamps is done by me in my free time. I receive no payment of any kind—only the satisfaction that the missions benefit by it."

Cancelled stamps should be cut or torn from the envelope, leaving one-quarter inch of paper on all four sides. Both postage stamps or Christmas seals on envelopes are wanted by him.

Here is a double use for the stamps on those envelopes in which you received Christmas cards.

THE FAMOUS MAN—In connection with the Christmas season is the story of an Escanaba young man who served with U. S. military forces in Europe and, while there, took moving pictures for his own entertainment.

Returning to the United States he discovered that his films, put together into news reel form, were worth showing to audiences. In Escanaba he made the rounds of the grade schools, showing the film for the benefit of the students.

One of the films had to do with a tour of England. Shown were pictures of the residence of Prime Minister Winston Churchill. Speaking to a group of First Graders, the soldier-photographer said: "You should be able to guess who lives here. He's a very famous man—a short, jolly man, with fat cheeks, and he's known all around the world. Does anyone know who he is?"

Without hesitation a dozen hands were raised.

"Santa Claus!"

CHRISTMAS TREE—The State of Michigan has established laws in connection with the harvesting and transportation of Christmas trees that also apply to the individual who just wants one tree—not a truckload.

There is a bill of sale, showing the name and location of the seller, which the individual must have with him while bringing the tree in from the woods. If you have been out cutting trees without a permit and the law catches up with you, you're in for trouble.

Millions of spruce and balsam trees, the cream of the crop, are cut and transported to market each year by men in the business. Perhaps the best and easiest way to obtain a Christmas tree is to buy one in town.

The need for laws regulating tree cutting is obvious. Without such laws there would be few evergreens left along highways in Michigan.

An Ohio man was pinched for blowing his auto horn for 20 minutes. It never pays to go on a tour.

Fall scenery is another good reason for not driving carelessly. None of it should be damaged.

Etiquette is saying "No, thank you" when you'd really give your left arm for another piece of that cake.

## Volunteer Crop Yielded Heavily

RACINE, Wis. (AP)—It wasn't such a bad harvest year for farmer Stanley Barrows after all.  
Last August, his barley crop was ruined by hail. Barrows saved what he could, figured the rest was a total loss. Then came Wisconsin's second summer—it was 72 degrees Nov. 19. He got out his reaper and harvested what he called a better-than-average barley crop where the downed grain had sowed itself and grown a second crop.

## Cellophane Not Rated Monopoly

WILMINGTON, Del. (AP)—U. S. Dist. Court Judge Paul Leahy ruled today that the cellophane operations of the Du Pont company was not a monopoly or conspiracy in restraint of trade as charged by the government.

Leahy dismissed the complaint, filed six years ago under the antitrust laws by the Justice Department.

Specifically the government accused Du Pont of:

Controlling manufacture and sale of cellophane, limiting production, excluding competition, fixing prices, retaining tight hold on patents.

The government asked that Du Pont be required to divest itself of some plants and factories and establish a competitive industry in cellophane and caps and bands.

Du Pont denied the charges.

Judge Leahy said "The facts destroy the charges."

## Dr. Keyes Says He'll Campaign Again For Governor In 1954

DETROIT (AP)—Dr. Eugene C. Keyes, Michigan's lieutenant-governor in 1943-44 and 1947-48, says he "will definitely be on the campaign firing line" in 1954.

before the explainers, but that he refused. Thimayya did not identify him.

Thimayya said he couldn't understand why the Americans suddenly changed their position and refused to go to the explanation.

"They promised me, honestly, they would come out," he said. Meanwhile, the saddened mother who flew across the Pacific from her Minnesota home in an effort to see her prisoner son received a letter from him bitterly attacking the United States.

**Mother In Tears**

Mrs. Portia Howe of Alden, Minn., her eyes welling with tears, read the letter from her son, 20-year-old Pfc. Richard R. Tennessee.

"Don't misunderstand me," it said, "I still love my family, my people and my country, and whether you are able to understand it now or not, believe me when I say that it is for them that I am fighting and it is impossible for me to live in the United States because I want to live as I wish."

"United States authorities... have probably told you that I was forced, doped, brain washed or some other horse manure that they use to slander and defile people like myself who stand up for his own thoughts and rights."

Her face showing the strain of the last few days, Mrs. Howe almost broke down as she said, "Where did I fail—I don't know where I failed."

"I must find out where because I have three other children and I must not make the same mistake."

"I still want to see my son—I still want to see him."

**Dean Comes Home**

With the prisoner explanation program at a standstill and the attempts to set up a Korean peace conference broken off, Panmunjom remained quiet today—in contrast to the bustle of days past.

U. S. special envoy Arthur H. Dean, who walked out of the negotiations with the Reds last Saturday leaves Tuesday for Washington and consultations with his government and representatives of other United Nations.

His chief aide, Kenneth Young of the U. S. State Department, will stay in Korea, Dean said, for one week "to see if the Communists wish to resume" the talks.

Dean attached two conditions before the Allies agree to resume the negotiations—that the Reds withdraw charges of "perfidy" and agree to meet "in good faith."

**Wreckage And Body Solve Plane Crash Near Columbus, Ind.**

COLUMBUS, Ind. (AP)—A wrecked airplane, identified as one piloted by Don Dixon, of near Dowagiac, Mich., and missing since Nov. 25, was found Saturday in a dense woods about nine miles southeast of Columbus.

A body, identified as Dixon's, was in the wreckage.

Dixon, 25, had purchased the craft only three weeks before the ill-fated trip. He operated a paint-spray concern in South Bend, Ind., and was returning from a business trip to Birmingham, Ala., when he was reported missing.

Dixon was headed for his family home at Sister Lake, near Dowagiac, where he was to spend Thanksgiving Day.

**Kids Day Foundation Raises \$2,931,000; Expenses 90 Per Cent**

NEW YORK (AP)—A state senator charged today that the National Kids Day Foundation, which solicited funds over the names of Bing Crosby and Mrs. Bob Hope, raised \$2,931,000 last year but spent only 10 per cent for charity.

The charge was made by Sen. Bernard Tompkins, chairman of a joint legislative committee which today began a series of public hearings into charity rackets and what happens to money contributed by New Yorkers to philanthropic organizations.

Tompkins said he has affidavits from Crosby and Mrs. Hope detailing their efforts to disassociate themselves from the foundation after they learned that about 90 cents of every dollar was going for fund raising and administrative expenses.

GRAND RAPIDS (AP)—Clyde A. Oswalt, owner of a gasoline station, dashed out into the street Saturday night to render aid when he saw an 11-year-old boy struck by a car.

When he returned to the station he discovered a thief had taken \$25 from the cash register. The boy, Robert Ampulski, suffered a broken leg.

**Wall Street**

NEW YORK (AP)—The stock market improved slightly today after a hesitant start.

The movement of prices in either direction seldom got as far as a major fraction.

Trading pace for the day was somewhat better than Friday's 1,440,000 shares.

Tobacco remained depressed as they have been most of the time the past week during discussion of the cigarette-lung cancer question.

Among higher stocks were Bethlehem Steel, General Motors, Boeing, American Telephone, Southern Pacific, Eastern Air Lines, and U. S. Gypsum.

Lower were Chrysler, Montgomery Ward, Douglas Aircraft, Homestead Mining, Allied Chemical, American Tobacco, Liggett & Myers, Sinclair Oil, and Paramount Pictures.

U. S. government securities in the over the counter market were steady to lower.

## Gay Wrappings Make Morning Merry

Here are gay Christmas packages worked out especially for children to do. Designed by Anita Beck (upper right), who's shown with her son, Peter, these wrappings will let children share directly in the fun of Christmas. Snow man (upper left) is made with two white pom-pom bows. Paper sock (lower left) is fine for something that's light in weight. It can be hung on the tree by ribbon loop. Drum (lower center) is round box covered with paper and finished with two lollypops on top. Peter cuts chains of ribbon (upper right) like those children make from construction paper. These form trim for box wrapped in red-and-white striped paper. Angel on a cloud (lower right) is cut from paper, perched on cotton cloud. White pipe cleaner fastens cloud firmly to bow.

By GAILE DUGAS  
NEA Woman's Editor

Half the fun and sparkle of Christmas morning lies in seeing it through the eyes of a child. It's a day that belongs to children, really, so why not let them take part in the holiday preparations as well as in the day itself?

One of the best ways to do this without slowing down the necessary actual preparations is to let the small fry wrap the gifts that they will hand or send to others. This will give them something to do (keeping them out of your hair) and at the same time, let them feel that they're participating in the holiday excitement.

If you feel that Christmas gift wrapping is too difficult for a small child to attempt, remember that kindergarten-age children work with construction paper, build miniature houses and farmyards and love making things with their hands.

If, for instance, the gift is light in weight, it's a simple matter to cut two socks from any gift-wrap paper and tape the edges together with matching colored tape. This also is a good

solution for an odd-shaped gift. **Let Children Help**  
You'll have to work along with your child to get him started but once he has the idea, he'll want to do it all himself. And what if his efforts aren't perfect?

As decoration for any package, suggest that he try cutting a Christmas tree from green construction paper. This is done by folding paper in half and cutting simple tree pattern. To trim the tree, make a chain of red loops from paper. These are the regular kindergarten loops, taped or glued together.

A toy drum is created from any round box or an oatmeal box cut up. To cover the side of box, cut a strip the exact height of box and long enough to go around with a bit for overlap. Cut a round piece of paper for the top and fasten it on with tape. As bow trim, tie red and green lollypops together with red ribbon and tape them to top of the drum.

### Santa's Pack

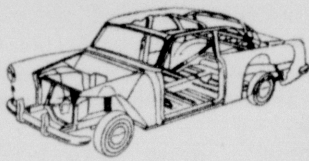

For a snowman bow, use two white pom-pom bows to form the body and top them with a

small silver tree ornament for the head. Hat is cut from black construction paper. Eyes and buttons can be cut from any colored paper to blend in with gift paper used on box that snowman adorns.

Santa's pack is easy to copy. Cut gift-wrap paper in shape of an ordinary paper bag, taping three sides. This is especially good for small, lightweight toys used for Christmas parties at school or church.

## Maryland Ore Boat Stranded In Storm, Sold

MARQUETTE—Once the ship was known as the Arthur E. Newbold.

Later it traveled under the name of James Corrigan. Most persons, however, remember it as the Maryland, of the Bethlehem Transportation Company.

And now her title may be again changed, for it has been sold to the Buckeye Steamship Company of the Hutchinson Fleet, a concern which has 35 ships that sail under three different owners.

The Maryland was beached southeast of Marquette during a strong northeaster storm here in early September. The crew was taken off the ship by U. S. Coast Guard helicopter and breeches buoy.

Bethlehem's acquisition of the Steamer Sparrows Point, a whopper ship of 610 feet made it unnecessary to repair the 530-foot Maryland.

## Newspaper Landmark On Beaver Island Will Be Torn Down

PETOSKY (P) — The building that housed the first daily newspaper in Michigan outside Detroit and Grand Rapids will be torn down.

Francis E. Left, the owner, said the structure, erected in 1850 at St. James, Beaver Island, cannot be repaired and he has other plans for the property.

The building was erected for a Mormon printing plant during the reign of King Strang on Beaver Island. Strang headed a colony of persons of the Mormon faith which owned Beaver Island for many years during the last century.

Mrs. Fred Gauthier entertained her bridge club at her home Tuesday evening. Mrs. Swear won the prize for low score and the traveling prize, Mrs. George Farley won the ducece prize and Mrs. Joe Farley first prize. A delicious lunch was served by the hostess.

### Decorations In School

The various rooms of the Katherine Bonifas school have been beautifully decorated for Christmas. The large windows facing the road have been decorated with hand painted water color scenes of bells, wreaths, church windows, Rudolph the Rednosed Reindeer, etc. The bulletin board in the main hall depicts the Bethlehem scene and the large bedecked tree in front of the office is all ready for Santa Claus to make his appearance Friday to distribute presents and candy to the children before their Christmas recess begins.

## Groups Boost Bible

NEW YORK (AP) — Two dozen national Bible societies throughout the world will launch a special program for 1954 "to reawaken interest in Bible reading and to supply scriptures to people who want them."

The American Bible Society announced Sunday that the groups, all members of the United Bible Societies, intend to increase their annual Bible distribution from the present 20 million copies to 25 million during 1954 and to 50 million by 1960.

One of the largest single blocks of marble in the United States is incorporated in the Tomb of the Unknown Soldier in Washington, D. C.

## Jilted Giraffe Dies Of Broken Heart In San Francisco Zoo

SAN FRANCISCO (AP)—Muggins, the unloved giraffe of the San Francisco Zoo, died Thursday at the age of 16—victim of a broken heart.

Muggins came to the zoo in 1937 as a gangling infant, a gift of the late publisher William Randolph Hearst. He grew to a towering 16 feet and 450 pounds.

But he never found love. When he made tentative advances to Zoobelle, her mate Raffie chased him off.

Muggins seemed to brood on silent walks around his enclosure. Three years ago, Raffie died. Muggins perked up. But the widow

not only scorned him, she chased him off.

Thursday, he was found dead. An autopsy confirmed the broken heart diagnosis.

Muggins' heart had been pierced by a piece of wire he apparently swallowed.

### Newcomers' Club Christmas Dinner Attractive Party

One of the most attractive and successful parties of the holiday season was the Welcome Wagon Newcomers' Club annual Christmas dinner held Saturday evening at the Sherman Hotel with over 90 members and guests in attendance.

The party opened with a get-acquainted cocktail hour at 6:30 followed by dinner at 7:30.

The invocation was given by the Very Rev. Joseph S. Dickson, rector of St. Stephen's Episcopal Church.

#### Dr. Hagen, Toastmaster

Dr. George L. Hagen was the able and clever toastmaster of the after dinner program which opened with a short address of welcome by Mayor Robert E. LeMire. Mayor LeMire paid tribute to the Welcome Wagon organization and its workers as a vital force in promoting community spirit. Describing Escanaba as "one of the finest small cities in the country" he cited its advantages and expressed the hope that newcomers would find it a happy, friendly and progressive home.

The entertainment feature of the evening was a program of Christmas music by the Orpheus Choral Club, directed by Mrs. M. H. Garrard Jr., with Mrs. Clarence Moore, accompanist. The Christmas songs presented a superb performance of choral singing under a truly gifted director, "one of the most wonderful combinations that has happened to Escanaba", as the toastmaster aptly put it.

The numbers included "Christmas Hymn," a 17th century carol, arranged by Jungst, "The Blue Madonna," a Spanish folk tale, arranged by John Jacob Niles, "God Rest You Merry Gentlemen," Old English, a sparkling arrangement of "Jingle Bells," "Sleigh Ride" by LeRoy Anderson, and "The Sleighs," Kountz, as well as a solo, "Christmas Eve," beautifully interpreted by Anne Geigel.

#### Holiday Decorations

The evening closed with dancing to orchestra music.

Decorations in the dining room and the table appointments were in colorful and effective holiday motifs. Christmas gift favors were presented to the guests.

The annual party was arranged by Mrs. Frank W. Andrew, who was general chairman, Mrs. Dana R. Peck, her assisting chairman, and a committee of club members.

#### BABY PACKAGE

A gimmick for the new mother is a gift package which is delivered to her bedside after baby is born. The sample package contains baby foods, nursing bottles, soap, baby oils, medical supplies, clothes and even toys.

Goldenrod Eggs are easy to prepare and small fry love this dish. Cook several eggs until they are hard, then slice the whites in thin slivers and add them to a cup of medium white sauce. Heat and pour over crisp toast; now rub the hard-cooked yolks through a sieve and let them garnish the dish. This amount will be enough for two or three servings.

A dash of curry powder gives zest to cream of tomato soup.

Wondering what to serve for dessert when the bridge club comes? Here's a suggestion: Arrange broiled pineapple rings on sponge cake squares and top with hot caramel sauce and a fluff of whipped cream. Plenty of calories in this one, but it tastes awfully good!

### Strawberry and Cream Cheese Compote

Ingredients: 1 pint strawberries, 6 tablespoons sugar, 1/4 cup water, 1 tablespoon lemon juice, one 3-ounce package cream cheese.

Method: Rinse strawberries; hull and remove any blemishes. Put sugar, water and lemon juice in 1-quart sauce pan; stir over low heat until sugar dissolves. Boil gently 5 minutes. Add berries, cover, and barely simmer (do not

boil) for 3 minutes. Remove cover; berries should be whole and puffy. With a sharp knife dipped in hot water, slice cream cheese and cut into 1/2-inch cubes. Put half the cubes in 4 sherbet glasses. Pour strawberries, while still warm, over cream cheese; arrange remaining cream cheese cubes on top of berries. Chill. Serve with crisp sugar cookies if desired. Makes 4 servings.

Ordinary liquid laundry bleach will often remove a stubborn stain from a glass cooking utensil. Add enough water to the bleach to make the solution mild, then soak the utensil in it.

## Choral Concert Well Received

Two large, gleaming candles atop a grand piano set the stage in Manistique High School auditorium Sunday night for the annual Christmas Concert of the Manistique Choral Club.

The choristers sang portions from the "Messiah" by George Handel, under direction of Mrs. James H. Fyvie of Manistique, former student of Robert Casadesu in Fontainebleau, France.

The singers revealed an appreciation for the great depths of the oratorio and offered vocal music of much poignancy and beauty. Reaching dramatically and poetically into the true meaning of Advent and the Christmas season, they displayed marked ability in expressing the sadness and the rejoicing contained in Handel's work and offered choral music of a high caliber.

### Heartily Applauded

Soloists for the concert were particularly noteworthy for good taste in subduing their voices as they sang the religious music with great beauty.

No applause was given during the concert, which was concluded with the chorus singing "Worthy Is the Lamb That Is Slain." Tenor solos in the oratorio were sung by J. Earl Cousineau of Manistique, who opened the concert with "Comfort Ye My People." Other soloists were Roland Schwitzgoebel, baritone, of Marquette, and Mrs. M. H. Garrard Jr., contralto, and Mrs. Cory Hartbarger, soprano, of Escanaba.

At the conclusion of the soul-stirring concert, marked by very able direction by Mrs. Fyvie and a highly responsive chorus, the audience of approximately 400 enthusiastically applauded the singers.

### Will Sing In Escanaba

Accompanist for the chorus was Mrs. John Orr of Manistique, a former student of piano in both India and England.

Numbers which were offered Sunday included "Behold, A Virgin Shall Conceive" and "O Thou That Tellest Good Tidings to Zion" by Mrs. Garrard; "There Were Shepherds, Abiding in the Field" and "I Know That My Redeemer Liveth" by Mrs. Hartbarger; "Thus Saith the Lord" and "For, Behold, Darkness Shall Cover the Earth" by Schwitzgoebel; and "Thy Rebuke Hath Broken His Heart" by Cousineau.

Portions sung by the chorus included the mighty "Hallelujah! For the Lord God Omnipotent Reigneth," and "Glory to God."

The choral club, which presents the concert annually as its gift to the community, also will sing in Escanaba, at Bethany Lutheran Church, Jan. 10.

## City Briefs

Mr. and Mrs. Frank DeCelle have returned from a business trip to Milwaukee.

Mr. and Mrs. Ray Bunker left Saturday morning for Ferndale, Mich., where they will make their home.

Mr. and Mrs. William Henry Jr. returned Saturday to Iron Mountain after visiting here with William Henry Sr., a patient in Schoolcraft Memorial Hospital.

Mr. and Mrs. Amos Bowman, Range St., have left to spend the winter touring southern states.

### Job Is No Fun

SANTA FE, N. M. (AP)—Republican Gov. Ed Mechum says it's okay with him if his department heads want to go after the job he's leaving next year. But, he adds wearily:

"Apparently they haven't had their heads examined lately or they wouldn't want to run. They'll find out there's more fun in running than in getting elected."

## Driver Ticketed After Accident

Frank Faketty, 19, of Manistique was ticketed for reckless driving and failure to have an operator's license following an accident Friday night seven miles east of Manistique.

Faketty, state police report, was passing a car driven by Miss Yvonne King, 19, of Germfask, and hit the left front of the vehicle when he cut back sharply to avoid a head-on collision with another car.

No one was injured.

## Raymond Shust Is Wed At Reed City

Announcement has been made here of the marriage of Raymond Shust, a former Manistique resident, to Eileen Lakin, of London, England, which took place at Reed City.

The article which appeared in a Big Rapids paper follows: Miss Eileen Lakin, of London, England, and Raymond Shust, of Paris, Mich., son of Mrs. Charles Swiger, were united in marriage at 4 p. m. Thursday, Nov. 26.

"A double ring ceremony was performed by Rev. Walter Easton in the parsonage at Reed City."

"The couple was attended by Neoma Cooper, aunt of the bridegroom, and Loren Swiger, his step brother."

"The bride and her attendant each wore a dress of grey sheer material and a corsage of red rosebuds."

"Following the ceremony a Thanksgiving dinner was served at the home of Mr. and Mrs. Charles Swiger, after which the couple left for a short wedding trip."

"The bridegroom was recently discharged from the U. S. Air Force, and met his bride while stationed in England. The couple will reside temporarily with Mr. and Mrs. Charles Swiger."

## Mill Official Guest Speaker

The coming year for the Manistique Pulp and Paper Company looks exceedingly promising, Thomas L. Kerney, treasurer of the company and general manager of the Trenton (N. J.) Times, told mill employees at a Christmas dinner party Sunday night in the Elks Temple.

Kerney, who is spending a few days here, expressed his appreciation for the part employees play in the company's operations and prophesied that the mill would "produce more paper next year than it ever did before."

The mill official, who recently was made a commander in the Cruzeiro do Sul by the Brazilian government, told the 140 employees attending that the paper company was a "sound investment" even though it has not shown a profit in the past two years.

Experiments were conducted on various grades of paper which could be manufactured in Manistique, he said, and the company now has determined grades which it can manufacture and for which it has markets.

A new turbine will arrive for the Manistique mill next month, Kerney announced, and this will increase the speed of machines.

Frank Hoholik was master of ceremonies for the meeting with Kerney.

R. G. Hentschel, general manager of the Manistique Pulp and Paper Company, spoke briefly and introduced the mill official. Also here from Trenton was Thomas

## Two Drivers Are Ticketed After Cooks Accident

Drivers of two automobiles which collided Saturday night on old U. S. 2 in Inwood Township, 12 miles west of Manistique, were issued summonses by state police of the Manistique post.

Richard McGahan, 17, of Cooks was ticketed for failure to yield right of way after a car he was backing from a driveway was struck by an auto driven by Aldean Segerstrom, 25, of Cooks. Segerstrom was ticketed for failure to have an operator's license and for driving on the wrong side of the road.

No one was injured in the accident, which occurred at 8:35 p. m. Both vehicles were extensively damaged.

## Probate Register Is Appointed Here

Mrs. Ronald (Eleanor) Jackson of Manistique has been appointed acting register of probate for Schoolcraft County, Probate Judge John S. Faketty announced today.

Since January, the probate office here was without a register of probate.

Mrs. Jackson has been working part-time in the probate office here. Judge Faketty took office in January.

E. Palmer, an official of the paper company. Dinner music was furnished by Carl Olson, violinist, and Mrs. Ray LaMarche, pianist.

## Shirley Carlson, Norbert Bredlau Are Recently Wed

Miss Shirley Carlson, daughter of Mr. and Mrs. Arvid Carlson of Manistique, became the bride of H. Norbert Bredlau of Madison at a ceremony performed Nov. 28 in Madison.

The 2 p. m. service in the Kingdom hall of Jehovah's Witnesses at Madison was officiated by the Rev. Joseph W. Skael.

The bride wore a royal blue suit with a white hat and a corsage of red roses with white feathered carnations. She was given in marriage by her father.

Miss Elaine Carlson, bridesmaid, wore a navy blue suit with a pink hat and corsage of pink roses with white feathered carnations.

John Bredlau was best man and ushered were Gerald Wiederholt and Russell Erb.

The bride's mother was dressed in brown with tan accessories and the bridegroom's mother wore grey with black accessories. Their corsages were of white pompons.

A reception for 200 guests was held at Turner hall in Madison.

After a week's trip, the newly-married couple will live in Madison at 450 W. Doty St.

The bride is a missionary of Jehovah's Witnesses and is employed by the Keen Manufacturing company. The bridegroom is employed by the agriculture department of the University of Wisconsin.

Manistique residents attending the wedding were Mr. and Mrs. Arvid Carlson and William and Elaine Carlson.

### They'll Do It Every Time

### Garden

**Garden Lions Party**  
GARDEN — Members of the Garden Peninsula Lions Club feted their ladies at a Christmas dinner program in the Community building Thursday evening. The dinner and the entertainment were planned by Mrs. Victor Borge and members of the local Girl Scout troop. The singing of Christmas carols was led by a tape-record prepared in advance by Mrs. Borge. Christmas theme games were played with prizes being won by Lion Carl VanRe-mortel and Mrs. Clarence Jaynes. An abbreviated business meeting followed the Christmas party.

**Cooks Beats Garden**  
Orville Olson led his Cooks team-mates to a 78 to 56 victory over the Garden Independents Wednesday evening on the Garden court. Four of the six players used by Cooks scored in double figures with Olson leading with 21 points. High scorer for the evening was Wally Morin of Garden who scored 29 points.

Census taking in ancient times often was followed by conscription or high taxes and the process often was bitterly resisted.

## Hot Dog Capitol Was Once Rabbit Paradise

WASHINGTON—Coney Island, Brooklyn's garish seashore kingdom of the hot dog and the packed beach, once was inhabited only by rabbits, long gone to better pasture.

Its very name appears to be a corruption of the Dutch word for rabbit—"konijn", by which it was called on the Vinboons map of 1639. It was a true island in those days, says the National Geographic Society. Nowadays, thanks to the silting of a creek, it is a peninsula on the south shore of Long Island, separating Gravesend Bay on the west from Sheepshead Bay to the east.

Almost everybody knows that a blazing summer Sunday will send 1,000,000 New Yorkers out to Coney, which awaits them with

roller coasters, freak shows, tons of food and drink, a boardwalk, two miles of Atlantic Ocean beach and perhaps the world's most fabulous assortment of noises.

**Subway "Drippers"**

SHOT IS BLOCKED—Manistique's Ken Dixon, No. 8, swats the ball out of the hands of St. Joe's Dick Cass as the Trojan forward went up for a shot here Saturday night. Other Manistique players in dark shirts, left to right, are Jim Garvin, Bob Hastings, Ken Magnuson, and Carl Scharstrom. St. Joe's John Berrigan, No. 5, watches for a rebound. (Daily Press Photo)

## Hawks, Rangers Fade From Race

By THE ASSOCIATED PRESS

The New York Rangers and the Chicago Black Hawks, the two "have not" teams in the National Hockey League, were fast dropping out of the picture today as the scramble continued for the top four positions.

With less than half the schedule completed, it will take almost a minor miracle to get either club into the Stanley Cup playoffs.

The Rangers blew another one Sunday night, this time to the third-place Toronto Maple Leafs 2-1. The loss dropped the New Yorkers nine points out of fourth place, the last Stanley Cup berth.

At Chicago, the Hawks managed to tie the Boston Bruins 2-2 but they remained firmly entrenched in the cellar 14 points behind the fourth-place Bruins.

In the other game the second place Detroit Red Wings edged the Montreal Canadiens 4-3 to climb within two points of the losers in the battle for the league lead.

# Trojans Post Easy Win Over Emeralds, 67-32

The St. Joe Trojans had an easy time of it Saturday night, outscoring the Manistique Emeralds two-to-one for a 67-32 victory over the defending Great Lakes and U. P. Class B champions.

Defensively the Trojans were in their best form of the season as they held Manistique to one field goal in the first period, two in the second and two in the third before reserves of both teams opened the game up in a fast fourth period.

In five games, of which the Trojans have won the last four, St. Joe's opponents have scored only 193 points for an average of 38.6 per game. St. Joe has totalled 314 points, an average of 63.

Berrigan Hits 24

Sophomore pivotman John Berrigan again paced St. Joe on the scoreboard with 24 points. He scored in each period and finished with an eight-point final quarter in which he dropped in six straight free throws.

Forwards Dick Cass and Dave Hinn pitched in 14 and 13 points and five other Trojans joined in the scoring.

St. Joe pulled out to an early 6-1 lead and stretched it to 18-5 at the end of the first period. Reserve guard Jim Garvin dropped in Manistique's only field goal in the period.

The Emeralds put on a brief spurt in the opening minute of the second period with Garvin and center Tom Quinn canning field goals to cut the deficit to 18-9. But the Trojans buried any hopes of a Manistique victory by whipping in 10 fast points to take a commanding 28-9 lead by the half.

Two Lead Emeralds

Tall Bob Hastings and guard Bill Holm shared top scoring honors for Manistique with seven points apiece. Reserve guard Ed Bernier, who saw extensive action in the second half, showed excellent ball handling although the sophomore player failed to make the scoring column.

Coach Tom St. Germain's quint will be seeking victory No. 5 in a road trip to Marquette where they will meet Baraga Parochial Saturday night, Dec. 19. That will be their final pre-Christmas contest. Manistique is idle until after the holidays. In their next start the Emeralds will travel to Newberry on Jan. 8.

The St. Joe Bee team trimmed the Emeralds jaycees 64-23 in the preliminary game.

# Irish Expect To Test Indiana's Cage Power

CHICAGO (AP)—Notre Dame tonight is expected to give Indiana's Big Ten and NCAA champions their first big test of the young basketball season.

The Irish like the Hoosiers have won three straight opening games—including one of the two victories outsiders have been able to record in 27 games against Big Ten schools.

Notre Dame beat Northwestern 75-66 a week ago. Only other loss by a Big Ten team was Iowa's 81-70 bow to Nebraska Saturday night.

## Split Last Year

Notre Dame also was one of the three teams to beat Indiana last season, taking the Hoosiers by one point, 71-70, in the Irish gym. However, Indiana later beat the Irish 79-66 in an NCAA regional tournament game.

The veteran Hoosier squad headed by 6-10 Don Schlundt and

Bob Leonard will have a height advantage on Notre Dame but the Irish, hubbed around Joe Bertrand, Jack Stephens and Dick Rosenthal, are believed to have more man-for-man scoring punch as a team. Schlundt, playing only half the game, scored 17 points Saturday as the Hoosiers beat Butler 76-57. Notre Dame was idle.

In other games Saturday, Illinois beat Alabama 77-54. Michigan beat Marquette 89-74. Ohio State beat Oklahoma 73-64. Purdue beat Loyola 82-70 and Wisconsin defeated Missouri 64-53.

## Eight Are Unbeaten

Eight conference teams thus remain undefeated. Illinois, Wisconsin and Purdue top the list with four victories each.

Oklahoma, already beaten by two Big Ten teams, Illinois and Ohio State, takes on Wisconsin tonight. The Badgers are the only conference team besides Indiana

to play tonight.

In other activity, Marquette is at Valparaiso and Alabama is at Bradley. The Peoria, Ill., Braves won one game and lost one over the week end in competition at the Steel Bowl in Pittsburgh. They lost to Pitt 66-64, then beat Wake Forest 78-74.

The rest of the week's schedule for Big Ten and prime independent teams:

**Tuesday**—Colorado A & M at Iowa, Butler at Purdue, Illinois Normal at DePaul.

**Thursday**—Michigan State at Marquette, Loyola at Notre Dame, Friday—Indiana at Montana, Southern California at Iowa.

**Saturday**—DePaul at Illinois, Michigan at Butler, Southern California at Michigan State, Colorado at Minnesota, Northwestern at Tulane, Ohio State at Louisville, Purdue at Washington, Wisconsin at Louisiana State.

## Ford Shellacks Snead In Miami

MIAMI, Fla. (AP)—Now they'll quit calling the Miami Open "Sam Snead's golf tournament."

That designation will sound sort of silly after the way youthful Doug Ford gave the veteran Snead a sound beating as they battled for the \$2,000 first prize in Sunday's final 18-hole stretch.

Spotting Snead a one-stroke lead as they started the last round, Ford caught him with a birdie on the first hole, worked up a two-stroke margin, then lowered the boom by sinking an 80-yard shot out of the trees for an eagle 3 at the 15th.

The 31-year-old Yonkers, N. Y., pro wound up with a 3-under-par 67 for a 72-hole total of 272 to beat Snead by four strokes and deny the West Virginia slammer's bid for a sixth championship.

It became known as Snead's tournament after Sammy won it for the fourth and fifth times in 1950 and 1951. A movie contract forced him to miss it last year.

## Three Top Quints Are Having Little Trouble

By ED CORRIGAN

NEW YORK (AP)—Although there have been numerous upsets and some disappointments during the young basketball season, Indiana, Kentucky and Duquesne, the three teams rated at the top of the heap before operations began, have shown no cause for concern.

The three have won nine games among them, and all swing back into action tonight.

Indiana, with three straight triumphs, seems to be in the most danger. The Hoosiers, defending NCAA champions, play Notre Dame, which has looked good in three encounters so far. They also play Montana during the week.

## Shouldn't Have Trouble

Kentucky, back in action after a year's layoff, has won its only two starts, and plays Wake Forest, an outfit that created all sorts of surprises in the Southern Conference last year. But unless there is

a major upset in the making, Adolph Rupp's team should win as it pleases.

Duquesne, the pride of the East, shows a record of four victories. Its opponent is Carnegie Tech, a team that even Coach Dudley Moore admits his charges should beat. On Thursday, though, the Iron Dukes play St. Louis, which could cause them more than a workout.

## Top Notchers Lose

The teams ranked right below the top three in the Associated Press preseason poll, however, are having their troubles. Oklahoma A&M, No. 4, has won four and lost one.

Kansas, No. 5, has lost its first two contests.

Actually, the Big Ten seems to be showing the way this season. Only two of its members—Lowa and Northwestern—have been beaten. Indiana, the favorite to win its second straight title, clubbed Butler 76-57 Saturday. Illinois, which the experts see as the main threat to Indiana's throne also looked impressive in thrashing Alabama 77-54.

## Michigan And Wayne Stretch Win Skeins

By The Associated Press

University of Michigan and Wayne University kept victory strings intact as they paced the state's basketball powers in week-end action.

Coach Bill Perigo's Wolverine "go-boys" scored an 89-74 victory over Marquette Saturday. Harvey Williams, sophomore center, led Michigan scorers with 19 points as the team picked up its third straight win.

Detroit's Wayne University squad traveled to Mt. Pleasant to win its third game of the current season—a 78-64 victory over Central Michigan.

University of Detroit's unpredict-

able Titans exploded to a school scoring mark Saturday with a 101-65 victory over visiting Youngstown. The former U of D high was 98 points in the opener against Kalamazoo.

Forward Guy Sparrow led Detroit scoring with 23 points.

The highly-touted Clarence (Bevo) Francis and his Rio Grande (Ohio) teammates invaded Michigan Saturday and fashioned an 82-45 victory over Hillsdale. An over-capacity crowd watched the Ohio giant shake off double and triple-teamed defense tactics to score 43 points.

At Marquette, Northern Michigan crushed Calumet Air Force Base 107-33 but Grosse Ile Naval Air Station turned the tables on Soo Tech 75-69.

In MIAA competition Adrian and Hope battled to a 60-60 tie at the end of regulation play but Hope went on to grab a 67-61 overtime victory.

### Welfare Club To Have Yule Party

The Child's Welfare Club is having its annual Christmas party this evening at 8 at the Empson home on Lake Shore Drive with Mrs. G. R. Empson and Mrs. Lewis N. Empson as co-hostesses.

Contributions for Christmas baskets which the Welfare Club will give out at Christmastime will be received at the party. This year cash donations will be accepted so that the baskets may be better planned.

A musical portion of the program is being arranged by Mrs. H. J. Skogquist.

The committee for the event is composed of the Mmes. J. S. Sword, chairman, John M. Olson, William Marble, Norman Knutson, Hugh McMillan, J. E. Ulrich, A. T. Hale, T. H. Hoffmann, C. E. Hawkins and Andrew Canuelle and the Misses Elne Swenson, Ethel Empson and Genevieve Watson.

### Mary Beth Hult Wins DAR Award

Mary Beth Hult has been chosen as Gladstone High School's good citizen, an annual senior award.

Selections in all areas are made in the following manner. Using dependability, leadership, patriotism and service as a guide the seniors select three candidates from whom the faculty makes the final choice.

Making of the awards in Delta county are under auspices of Lewis Cass Chapter, Daughters of American Revolution.

Mary Beth is a daughter of Dr. and Mrs. Otto S. Hult, Lake Shore Drive.

## Social

### Coterie

Mrs. Hagle Quarnstrom will entertain the members of the Coterie Tuesday afternoon at her home, 1609 Wisconsin Ave. A Christmas program has been arranged and will include a reading of "The Christmas Story" by Mrs. Bernard Prusak and a Candlelight service conducted by Mrs. Norman Knutson.

### Varsity Duos Win And Lose

Gladstone varsity debaters broke even in their arguments at Kingsford on Saturday.

The affirmative team composed of Johan and Franklin Lash, a sister-brother combination, won from Kingsford and lost to Escanaba.

The negative team formed by Jim Keldsen and Quinn Rasmussen won from Newberry and lost to Ishpeming.

Both reserve teams from here lost. The affirmative team composed of Kay Bolger and Jim Schram lost to Crystal Falls while the affirmative team formed by Pat Morgan and Karen Kliner lost to Menominee.

The debaters were accompanied to Kingsford by Coach Leonard Newendorp and William Hinze of the high school faculty.

### Forecasts Useless To This Meteorologist

NEW YORK (AP)—Earnest B. Christie, meteorologist in charge of the United States weather bureau here, says he's been caught in the rain lots of times—and without raincoat or umbrella.

Christie said it isn't the fault of the weather forecaster when he gets drenched. It's because he doesn't own a raincoat or an umbrella, Christie said.

## T-V — the PERFECT GIFT!

If you ask them (meaning the entire family)—they'll tell you: what they really want for Christmas is a large-screen T-V set. Nothing else you could buy will mean so much in fascinating entertainment and education—more fun at home for all.

Buy RCA, the big name in the field.
